From the Publisher...

Post-holiday doldrums, summer choir vacation season, “snow” Sundays, or simply a smaller church—whatever the reason might be for your small and probably vocally unbalanced choir, the reality is that the music ministry is still important to the worship experience and appropriate anthems must be found. This superb collection can make that daunting task a joy. Ten anthems for any combination of voices in unison, two-part, or simple SAB make this a practical compilation. The talented composers and text writers included make it worth singing and hearing, and the price, at less than half the cost of the anthems purchased separately, makes it a very economically viable purchase as well. Perhaps the understated title of the collection should be altered to match the title of the first anthem—*Let All the People Praise Thee*. This anthology makes that possible no matter who is in the choir on Sunday!
